

THE JIGSAW EFFECT

When criminals gather personal information about potential victims from a variety of online sources. Through online conversations, posted images, and geo-location, the criminal can piece together a full picture of the target (often a vulnerable person or child), to find and cause harm to them in the real world.

#lifegoals Made it onto their IG! That's me: front left! xxjulie

dyed my hair blue - vote if u like

"@Carol McDavid: Your dad and I are so PROUD! xxx

See you at 2pm in Cafe Lola 😍

Starring in the show tonight. Starts at 8. Come see me!

Got chosen for the team. So happy I danced on the walk home!
